

Funding Proposals and Applications

The Board has as its primary mission the education of district students according to adopted goals and objectives. To this end all legal and worthwhile financial resources will be pursued.

Grants may become available from private, federal or state sources. The district will pursue those grants that will assist the district in meeting the adopted goals and priorities of the current instructional programs, or will create facilities, support the purchase of equipment or otherwise assist in implementing such programs as the Board has previously considered/approved.

The Board directs that each district decision to pursue outside funding, consider the obligations, expectations or encumbrances which will exist when the grant or other outside funding ceases.

Districtwide grant applications shall be reviewed and authorized by the superintendent or designee prior to submission. If appropriate, the superintendent will share the grant application with the Board at its next regular meeting.

The Board reserves the right to reject funds associated with any grant which has been approved.
