Program Exemptions

It is the expectation of the Board that all students will participate in the instructional program offered by the district.

However, a student may be excused from participation in a specific topic of study or learning activity for reasons of religion, disability or other reasons deemed appropriate by the district. Such a request must be submitted in writing and based upon a parent's prior review of the curriculum area in question.

The written request must be made directly to the principal of the school. The principal will be responsible for assessing and acting upon the request in a timely fashion. Should an exemption be granted it is with the understanding that the student will have a comparable assignment in an area of related study?

A student receiving an exemption under this policy shall receive no penalties as to grade, credit, or graduation as long as the substitute assignment(s) are completed within the manner and time specified.
