

Interscholastic Activities

The Board recognizes the integral role interscholastic activities¹ play in the character development and general enhancement of the education of its students. Accordingly, administrators, coaches, advisors, student participants, and others associated with the district's high school activities programs and events shall conduct themselves in a manner that is consistent with the letter and spirit of policies, rules, and regulations of the district and any associated voluntary organization². Each will be held accountable for their actions.

The district and its schools may only be members of and pay fees, if any, to a voluntary organization that administers interscholastic activities or that facilitates the scheduling and programming of interscholastic activities if the organization:

1. Implements and adheres to equity focused policies that:
 - a. Address the use of derogatory or inappropriate names, insults, verbal assaults, profanity, or ridicule that occurs at an interscholastic activity, including by spectators of the interscholastic activity;
 - b. Prohibit discrimination;
 - c. Permit a student to wear religious clothing in accordance with the student's sincerely held religious belief and consistent with any safety and health requirements; and
 - d. Balance the health, safety, and reasonable accommodation needs of participants on an activity-by-activity basis;
2. Maintains a transparent complaint process that:
 - a. Has a reporting system to allow participants of interscholastic activities or members of the public to make complaints about student, coach, or spectator behavior;
 - b. Responds to a complaint made within 48 hours of the complaint being received; and
 - c. Resolves a complaint within 30 days of the complaint being received unless the organization determines that there is good cause to extend the timeline for resolving the complaint;
3. Develops and implements a system of sanctions against schools, students, coaches, and spectators if a complaint is verified; and
4. Performs an annual survey of students and their parents to understand and respond to potential violations of equity focused policies or other discrimination.

The district shall allow homeschooled students that reside in the district, students eligible to attend school and enrolled in a high school equivalency program³ that reside in the district, and students attending a public charter school that does not provide interscholastic activities that reside in the district, the opportunity to participate in available interscholastic activities when the requirements found in Oregon law are met.

¹ Interscholastic activities includes: for students any grade from kindergarten through grade 12, athletics, music, speech and other similar or related activities; for students in any grade from kindergarten through grade eight, activities that are offered only before or after regular school hours and that may, but are not required to, involve interaction among other schools.

³ "High school equivalency program" means a program provided to assist a student in earning a certificate for passing an approved high school equivalency test such as the General Educational Development (GED) test.

Interscholastic activities when provided by the district will comply with Title IX and other nondiscrimination laws. Students not enrolled in the district will be charged a non-resident fee.

The principal, activities director, advisors and coaches are each responsible for ensuring student participants meet all district eligibility requirements of participation and those of the associated voluntary organization. The principal or designee is responsible for ensuring accurate certification regarding the eligibility of participating students and for verifying that athletic directors, coaches of sports, and activity advisors have all required certifications prior to assuming their duties. The principal or designee shall ensure that a program is in place to effectively evaluate the performance of all coaches and activity advisors under their supervision.

Volunteers may be approved to assist with district activities with prior approval from the principal or designee.

The principal or athletic director shall investigate all allegations of district student ineligibility, staff recruitment violations or other student or staff conduct that may violate Board policies, administrative regulations, and/or the rules and regulations of the associated voluntary organization. The principal or athletic director shall notify the superintendent or designee of conduct that violates the terms of this policy and report to the associated voluntary organization if required.

An employee determined to have violated Board policies and/or rules and regulations of the associated voluntary organization may be subject to discipline, up to and including, dismissal. A student in violation of Board policies and/or the rules and regulations of the associated voluntary organization will be subject to discipline, up to and including, dismissal from an interscholastic activity or program, suspension and/or expulsion from school.
