- 4. Methods to address the needs of high-risk groups, including:
 - a. Youth bereaved by suicide;
 - b. Youth with disabilities, mental illness or substance abuse disorders;
 - c. Youth experiencing homelessness or out of home settings, such as foster care; and
 - d. Lesbian, gay, bisexual, transgender, queer and other minority gender identity and sexual orientation, Native American, Black, Latino, and Asian students.
- 5. A description of, and materials for, any training to be provided to employees as part of the plan, which must include:

The plan must be written to ensure that a district employee acts only within the authorization and scope of the employee's credentials or licenses.

The plan must be available annually to the community of the district, including district students, their parents and guardians, and employees and volunteers of the district, and readily available at the district office and on the district website.

The district may consult with state or national suicide prevention organizations, the Oregon Department of Education (ODE), school-based mental health professionals, parents, guardians, employees, students, administrators and school boards associations when developing the required plan.
